

MATHCOUNTS[®]

COMPETITION SERIES

EST. 1983

The nation's premier middle school math competition that builds students' problem-solving and math skills through online practices and 4 levels of exciting in-person competitions: school, chapter, state and national.

GRADES 6-8. All MATHCOUNTS programs are for middle school students.

SCHOOLS. Any school with grades 6-8 can register. Students at non-participating schools may register as non-school competitors.

\$30 PER STUDENT (\$15 per student for Title I schools). Schools receive a mailed kit with a book of math problems, awards and pencils.

AUGUST – MAY. Schools register and begin practicing in the fall. Competitions take place in December/January, February, March and May.
